

ISHI GUPTA

WEB DEVELOPER

+91 88104 14881 | Delhi, India | ishigupta1201@gmail.com | www.linkedin.com/in/ishigupta693 | <https://github.com/ishigupta1201>

Web Developer skilled in the MERN stack, specializing in scalable applications, RESTful APIs, and cloud deployments. Experienced in building e-commerce platforms, real-time chat apps, and portfolio websites, with internships at Plasmid and M.S. Furniture. Strong problem-solving skills and a proven track record in tech competitions.

SKILLS

Languages: Java, python, JS, C, C++, HTML, CSS

Tools: Git, Figma, Canva, VS Code, GoDaddy, Cloudinary

Deployment Tools: Vercel, Netlify, Render

Databases: MySQL, MongoDB

Frameworks: Bootstrap, NodeJS, Express.js

Libraries: jQuery, React, Socket.io

Key Skills: Restful APIs, MERN, Authentication (JWT), Debugging

EXPERIENCE

Web Developer Intern

August - October 2024

M.S. FURNITURE

- Engineered a robust e-commerce platform for the company utilizing the MERN stack, enhancing user engagement by implementing seamless navigation
- Created a responsive frontend with Vite and implemented RESTful APIs for data management.
- Built an admin panel for product management and handled deployment and DNS configuration.

Web Developer Intern

May - July 2024

PLASMID

- Designed and deployed two web projects, enhancing the company's online presence and user engagement, while strengthening skills in UI/UX design, HTML, CSS, and JavaScript.
- Used Git and Netlify for efficient project management and seamless hosting.

PROJECTS

E-Commerce Platform

- Developed a MERN stack e-commerce platform with JWT authentication, dynamic cart, and secure checkout.
- Implemented Cloudinary for media storage, an admin dashboard for inventory management, and RESTful APIs for seamless data handling.
- Deployed via Vercel (frontend) and Render (backend) with GitHub version control

Finance Budgeting App

- Built a MERN stack budgeting platform with AI-driven expense categorization and real-time tracking.
- Designed an intuitive UI using React, Tailwind CSS, and Framer Motion for seamless user experience.
- Integrated data visualization with charts and graphs to provide actionable financial insights.
- Implemented secure authentication with JWT and optimized MongoDB aggregation for efficient data handling.

Chat-application

- Developed a responsive real-time chat app using the MERN stack, Socket.IO for live updates, and Cloudinary for media sharing, featuring user authentication, online user filters, and 32 customizable DaisyUI themes.
- Deployed on Render, tested APIs with Postman, ensuring scalability, responsiveness, and seamless real-time communication.

EDUCATION

Bachelor of Technology (C.S.E.)

2022 - 2026

Maharaja Agrasen Institute of Technology

- CGPA - 8.563

X - XII

Bal Bharati Public School, Rohini

- X - 92.6%
- XII - 91%

2020 - 2022

ADDITIONAL INFORMATION

- Languages:** English, Hindi
- Certifications:** Data Structures and Algorithms (DSA), Web Development, Machine Learning (Microsoft)
- Achievements:** Innovation Mela (MAIT) - winner, Beacon (IITD) - 1st, Envisage'24 (MSIT) - 1st, HackwithMAIT 4.0 (MAIT) - 2nd, Pitch Your Idea Summit (MAIT) - 1st
- Extra-Curricular:** SeniorCoordinator: TedxMAIT, Coordinator: TechCom, Event Organized: HackwithMAIT 4.0, HackwithMAIT 5.0
