I am a Web Developer passionate about building efficient, scalable, and user-focused web applications. With a strong foundation in computer science, I thrive on tackling dynamic challenges, managing projects, solving problems, and collaborating seamlessly with teams to deliver impactful solutions.

### SKILLS

**Languages:** Java, python, JS, C, C++  
**Tools:** Git, Figma, Canva, VS Code, GoDaddy, Cloudinary  
**Deployment Tools:** Vercel, Netlify, Render  
**Databases:** MySQL, MongoDB

**Frameworks:** Bootstrap, NodeJS, Express.js  
**Libraries:** jQuery, React, Socket.io  
**Key Skills:** DSA, OOP, SDLC, Restful APIs, MERN

### EXPERIENCE

**Web Developer Intern**

August - October 2024

#### M.S. FURNITURE

- Engineered a robust e-commerce platform for the company utilizing the MERN stack, enhancing user engagement by implementing seamless navigation
- Created a responsive frontend with Vite and implemented RESTful APIs for data management.
- Built an admin panel for product management and handled deployment and DNS configuration.

**Web Developer Intern**

May - July 2024

#### PLASMID

- Designed and deployed two web projects, enhancing the company's online presence and user engagement, while strengthening skills in UI/UX design, HTML, CSS, and JavaScript.
- Used Git and Netlify for efficient project management and seamless collaboration.

### PROJECTS

#### UI Designing Flocentra Aviation

- Designed a user-centric website interface in Figma, focusing on usability, aesthetics, and brand alignment.
- Created interactive wireframes and prototypes, refining the design based on user feedback to enhance the user experience.

#### Chat-application

- Developed a responsive real-time chat app using the MERN stack, Socket.IO for live updates, and Cloudinary for media sharing, featuring user authentication, online user filters, and 32 customizable DaisyUI themes.
- Deployed on Render, tested APIs with Postman, ensuring scalability, responsiveness, and seamless real-time communication.

#### Portfolio

- Developed a personal portfolio website using HTML, CSS, and Bootstrap, showcasing projects, skills, and achievements in an engaging format.
- Focused on crafting a visually appealing and interactive UI, incorporating modern design principles to ensure the site is professional yet dynamic.

#### Simon Game

- Created an interactive game with HTML, CSS, and JavaScript, featuring sound and visual effects to enhance user experience.
- Designed a responsive interface with CSS, Bootstrap, and smooth animations for an immersive experience.

### EDUCATION

<b>Bachelor of Technology (C.S.E.)</b>	<b>2022 - 2026</b>	<b>X - XII</b>	<b>2020 - 2022</b>
Maharaja Agrasen Institute of Technology		Bal Bharati Public School, Rohini	
<ul style="list-style-type: none"><li>CGPA - 8.43</li></ul>		<ul style="list-style-type: none"><li>X - 92.6%</li><li>XII - 91%</li></ul>	

### ADDITIONAL INFORMATION

- Languages:** English, Hindi, French.
- Certifications:** Data Structures and Algorithms (DSA), Web Development, Machine Learning (Microsoft)
- Achievements:** Innovation Mela (MAIT) - winner, Beacon (IITD) - 1st, Envisage'24 (MSIT) - 1st, HackwithMAIT 4.0 (MAIT) - 2nd, Pitch Your Idea Summit (MAIT) - 1st
- Extra-Curricular:** Event Organized: HackwithMAIT 4.0, HackwithMAIT 5.0, Coordinator: TechCom, TedxMAIT
